|---|-------------|
| <b>Bachelor of Technology in Computer Science</b>       | 2018 - 2022 |
| Dr. Babasaheb Ambedkar Technological University, Lonere |             |
| M.B.E. Society's College of Engineering, Ambajogai      | 79.40 %     |
| <b>HSC</b>  | 2018        |
| Yogeshwari Mahavidyalaya, Ambajogai                     | 74.73 %     |

## SKILLS

---

|                                    |  |
|------------------------------------|--|
| <b>Languages &amp; Frameworks:</b> | HTML5, CSS, JavaScript, React.js, Node.js, Bootstrap, Tailwind, GSAP |
| <b>Tools &amp; Technologies:</b>   | WordPress, Vite, Postman, Appwrite, Git, GitHub, Google DevTools     |
| <b>Softwares:</b>                  | Adobe Photoshop, Figma, Adobe Dreamweaver, Visual Studio Code        |

## EXPERIENCE

---

|                    |                    |
|--------------------|--------------------|
| <b>Developer</b>   | Oct 2022 - Present |
| eClerx Service LTD | <i>Pune</i>        |

- Developing responsive web banners using HTML, CSS, GSAP and JavaScript.
- Analyzing the requirements and objectives of the banner design and development tasks assigned. This involves working closely with Client to clarify expectations and deadlines.
- Collaborated with designers to ensure the accurate implementation of layouts, and visuals, contributing to the development of user-friendly web Banner.
- Optimized the code for performance, focusing on reducing load times and improving overall efficiency.
- Developed reusable, scalable, and optimized code, reducing development time for future projects. Quickly adapt to changes in project requirements or feedback from Client. This includes revising designs and code as needed to meet evolving standards or objectives.
- Enhanced the banner quality by conducting thorough testing to ensure they display correctly across different browsers and devices. Addressed any issues identified during this process to maintain high-quality standards.
- Developed 5 tools using Python, JavaScript, VBScript that significantly reduced workflow time by 15 % and are now utilized by other processes, showcasing efficiency and innovation in workflow management.
- Received a Values Award from the Assistant Program Manager for outstanding contributions to the project.
